CALL FOR PAPERS

The Faculty of Transport and Traffic Engineering in Belgrade is delighted to host the XLI Symposium on Operational Research – SYM-OP-IS 2014. SYM-OP-IS is a national Symposium with international participation since 1974. It presents an annual gathering of operational researchers, both theoreticians and practitioners, in order to exchange scientific and technical information, convey experiences and present new results achieved in the development and application of Operations research methods.

The Symposium is an opportunity for the OR researchers to get together from 16-19 September in the inspiring environment of the mountain tourism centre Divčibare, hotel Divčibare, and to exchange experiences, present new scientific achievements and continue the tradition of good companionship. The Programme Committee Chair, Professor dr. Dusan Teodorovic, and the Organizing Committee Chair, dr. Milica Selmic, are preparing the fruitful scientific and social program.

IMPORTANT DATES

Paper submission deadline	01.06.2014.
Notification to authors	25.06.2014.
Final Paper submission deadline	15.07.2014.
Early registration deadline	25.08.2014.

CONFERENCE FEES

Early bird fee	120 €
Regular fee	150 €
PhD/Master students	100 €
Accompanying persons	60 €

Divčibare is a mountain field, which lies at an altitude of 980m and covers an area of Crni Vrh, Paljbe, Golubac up to Veliko brdo. It is located in the central part of Maljen, 38 km southeast of Valjevo city. High surrounding of Divčibare, protect it from the winds, as well as present places which offer a wonderful view not only of the parts of the mass Maljen and its surroundings, but also in some remote parts of Serbia. It is known that Prince Milos often stayed this area, visited the shepherds and control their work. Divčibare is, thanks to its location and climate conditions, declared as unique health resort in Europe.

As Symposium will be held at hotel "Divčibare", we recommend accommodation at hotels "Divčibare" and "Maljen" with special prices for conference participants. (www.vujicdivcibare.com)

All accepted papers will be included in the SYM-OP-IS proceedings, which will be in electronic format registered with ISBN. Selected papers, presented on the Conference, may be proposed for publication in **INTERNATIONAL JOURNAL FOR TRAFFIC AND TRANSPORT ENGINEERING**. www.ijtte.com. The official Conference languages are English and Serbian.

CONFERENCE PROGRAMME

Banking & Financial Decision Making
Combinatorial Optimization
Construction Project Management
Data Envelopment Analysis
Data Mining Analytics
Decision Support Systems
E-Commerce
Expert systems
Parallel Processing in O.R. & Grid Computing

Heuristics, Metaheuristics
Linear & Nonlinear Programming
Logistics
Operations Management
Mathematical Programming
Military Operational Research
Mathematical Modeling
Multiple Criteria Decision Analysis
Network Optimization

Optimization Software
Optimal Control
O.R. in Agriculture and Forest Management
Project Management & Scheduling
Risk Analysis & Management
Statistics & Stochastics
Structural Optimization
Multi-Objective Optimization
Decision Making
